

Sports Premium funding 2015-2016 - EVALUATION

In respect of the academic year 2015-2016 the PE School Sport Funding allocation was £9460.

Project	COST	IMPACT
Subsidise cost of specialist P.E. teacher to lead P.E. throughout the school.	£4000	Assessment of key skills in P.E. curriculum monitored throughout the school for all year groups. Training for teachers has supported CPD in key areas.
Involvement in LSP Partnership enabling regular entry into competitions and access to developing Physical Education in school.	£2000	The school competed in fourteen competitions during the academic year 2015-6. Tennis and football coaches supported development of key skills throughout all year groups.
Transport to attend sports events and competitions (use of school minibus).	£1000	The provision of transport has enabled children to take part in after school competitions and football league tournaments.
Maintain after school football clubs in order to progress within local leagues between schools.	£ 500	The school has continued and increased involvement within the football academy and league cup tournaments. Established Football teams are in place, children have developed confidence and skills and are proud to represent their school.
Develop orienteering into the P.E. curriculum – replenish existing markings.	£ 460	Orienteering activities have been included in the P.E. curriculum. Orienteering activities have been built on through residential opportunities and JMU activity days.
Promote athletics across key stage 2 using specialist Athletics Centre.	£1000	The use of an athletics centre has enabled development of athletic skills and entry into competitions.
Initiate a 'Running Club' in the summer term to increase awareness of Olympic standards and values.	£ 500	Running Club introduced during summer term – impacted on improved fitness levels of children – evident during Sports week. The school intends to build on this throughout Spring and Summer terms 2017.
Total Spend:	£9460
