

Reception Newsletter

June 2015

Another busy couple of weeks.

Last weeks visit to I M Marsh College for a day of sports activities, the children really enjoyed even though the weather could have been better! Have a look at the school Twitter account for photographs and a video of the children taking part in the dance workshop. It will definitely make you smile!

Please return your child's PE kit to school if you haven't done so already as Miss Quinn has organised extra sports activities next week.

The staff have now completed the Early Years Profile for each child with judgements made across the 17 areas of learning. Our school was moderated by a member of the authority's Early Years Team who came into school to speak to the children, have a look at the indoor and outdoor environment and speak to staff about the judgements made about the children. She was very impressed and commented on the children's behaviour and how much she liked the learning environment.

This week we have been assessing the children more formally using assessments the rest of the school also use. These results will help track your child as they move into Year 1 and through the rest of the school into eventually Year 6.

We have had more transition time in the Year 1 yard with the current Year 1 class. Lots of friendships are already being made which is great to see. We will also take the class into their new Year 1 classroom to meet their new teacher in the next week or so, on more than one occasion. If you do have any questions please come and speak to one of our team.

Best Wishes
The Reception Staff
