

# Reception Newsletter

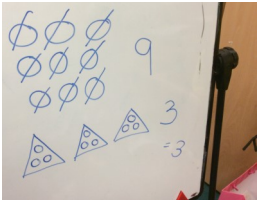

Dear Parents / Guardians,

Friday 15th March 2019

Many thanks for all your positive comments regarding the EasyPeasy home learning programme that we launched last week. We logged on and recorded over 65% of you are accessing it. That is brilliant. If you haven't yet had a look please do give it a try.

This week in number we have been investigating sharing/dividing. Teacher's have modelled how to share/divide fairly whether it be with pencils, plastic balls etc or drawing on the board. Children have quickly picked the concept up and are able to talk through how to share/divide and what the answer to the number sentence or word problem is.

We had some visitors in our school today from Chester Zoo. They spoke to us about mini beasts, the different type of mini beasts and where we might possibly find them in our garden/outdoor area. They also spoke about how mini beasts camouflage and children were able to look at some examples of the different mini beasts.

We are awaiting shutters now to be fitted to our new EYFS shelter. This will hopefully take place over the next few weeks. It has cost a great deal of money but will be worth it as it will give the children greater protection when accessing the outdoors whatever the weather.

Many thanks for your support on Wear Blue for Bobby and Red Nose Day today.

Enjoy the weekend
