

TACKLING HATE CRIME

fighting crime
protecting communities

Hate crime comes in many forms.

People can be targeted because of their disability, race, religion, sexual orientation or gender.

We take all reports of hate crime seriously.

If you feel you've been a victim you can report it in a number of ways:

- **Call 101**
- **Contact independent charity Stop Hate UK on 0800 128 1625**
- **In an emergency call 999**

With the continued support of our communities we can work in partnership to tackle hate crime.
