

Reception Class Newsletter

Dear Parents / Guardians,

Friday 24th January 2020

It was lovely to hear how much the children enjoyed completing their homework. We sat as a class and shared each others information, it was very interesting. Our writing task was to write a question about dinosaurs that we would like to find out the answer to. Lot's of fantastic questions were asked and we used each others homework, information books and the internet to research the answers.

We have been using numicon to help us solve addition sums. We have also been counting in 10's and are getting really good at it.

This week in Bikeability the children were navigating the balance bikes to move in different directions and in and out of the cones. Paul has been encouraging them to use the brake to stop and not just their feet.

In Collective Worship we read the story of David and Goliath and really enjoyed it. We used the internet to find out what a catapult was and what it looked like. We spoke about how David was brave and showed lots of courage. Miss Melling and Mrs Jones then shared times when they had been scared but showed courage. We discussed the meaning of the word courage and some children shared their stories of when they have been brave and showed courage.

If you are doing anything to celebrate Chinese New Year this weekend we would love to hear about it. If you take pictures can you email them to Miss Melling or Mrs Jones please, then they can be shared with the children.

When you have used your kitchen roll could you save the cardboard kitchen roll holders and send them into school? Kitchen rolls only please, thank you.

Enjoy the weekend.
