Dear Parents/Carers,

Thank you for informing school about your current circumstances with regard to COVID 19. We hope you are all well and continue to be. As long as your child is well enough, we will be providing work to ensure your child does not miss any learning whilst isolating/waiting for a test result. Please ensure your child accesses reading plus, TT Rockstars, as well as activities on Education City and My Maths. The login details are below to ensure your child can access this learning without delay. I will be in touch shortly with additional work.

Please keep school updated about when your child is able to return to school.

Take care.

Class teacher
