Youth for Christ - Sync

<http://yfc.co.uk/sync>.

This is a brand new innovative resource to inspire and equip young people to put God on display every day. Young people are the most extraordinary evangelists. Most people who become Christians do so under the age of 18 and peer to peer relationships are often crucial in a young person's journey to faith. This is the most connected generation in history and it is incredibly exciting to think of the potential of every Christian young person equipped and inspired to share their faith with those around them. That could change the world. That is what Sync is about.

Sync is a series of films that help young people put God on display every day.
