Developmental Bands	Expressive Art and Design in the Early Years Foundation Stage
<p>Three and four year olds will be learning to:</p>	<ul style="list-style-type: none"> •Explore different materials freely, to develop their ideas about how to use them and what to make. •Develop their own ideas and then decide which materials to use to express them. •Join different materials and explore different textures. •Create closed shapes with continuous lines and begin to use these shapes to represent objects. •Draw with increasing complexity and detail, such as representing a face with a circle and including details. •Use drawing to represent ideas like movement or loud noises. •Show different emotions in their drawings and paintings, like happiness, sadness, fear, etc. •Explore colour and colour mixing.
<p>Children in Reception will be learning to:</p>	<ul style="list-style-type: none"> •Explore, use and refine a variety of artistic effects to express their ideas and feelings. •Return to and build on their previous learning, refining ideas and developing their ability to represent them. • Create collaboratively, sharing ideas, resources and skills.
<p>Early Learning Goal Children at the expected level of development will:</p>	<ul style="list-style-type: none"> • Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function. • Share their creations, explaining the process they have used.

*Development Matters statements as related to the National Curriculum Programme of Study for Art and Design.

Art and Design Skills Progression Map

At St Anne (Stanley) progression in Art and Design is organised through the National Curriculum Programme of Study for Art and Design. Each progression map relates to different statements, drawn from the Key Stage 1 and Key Stage 2 Programmes of Study for Art and Design.

The National Curriculum for Art and Design aims to ensure that all pupils become proficient in drawing, painting, sculpture and other art, craft and design techniques.

KS1: Pupils should be taught to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination. Pupils should be taught to use a range of materials creatively to design and make products.

KS2: Pupils should be taught to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay].

The National Curriculum for Art and Design aims to ensure that all pupils produce creative work, exploring their ideas and recording their experiences.

KS2: Pupils should be taught to create sketch books to record their observations and use them to review and revisit ideas.

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Sketch books	Exploring ideas and experimenting with different materials and methods.	Recording thoughts and ideas, developing skills and experimenting with materials.	Using sketchbooks to generate ideas and observations. Expressing thoughts and observations in sketchbooks. Making records of experiments with various materials.	Using sketchbooks for planning and refining ideas. Recording ideas for materials and composition. Developing skill and technique using various mediums in sketchbooks.	Working collaboratively to explore ideas for meeting a design brief. Developing ideas through sketches. Enhancing knowledge of skill and technique using various mediums in sketchbooks.	Developing ideas through sketches Making personal investigations of interests and recording observations in sketchbooks. Recording experiments with various mediums and trying out techniques and processes in sketchbooks before applying them.

KS1: Pupils should be taught to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.

KS2: Pupils should be taught to develop their techniques, including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design.

						Lesson 6– Assembling the Memory Box I can choose colours based on the emotion I want to depict.
Texture	Topic 2: Landscapes using Different Media Lesson 3– Beach Textures I can identify different textures in a scene. I can find appropriate materials to create different textures and apply appropriate textures to a well-known painting.	Topic 1: Skills Lesson 3– Texture 1: Taking Rubbings I can identify different textures and record them using a rubbing technique. Topic 1: Skills Lesson 4– Texture 2: Frottage I can make decisions about my work and create a final piece by: carefully tearing my rubbings into shapes and arranging the shapes into a picture. Topic 3: Sculpture and Mixed Media Lesson 4– Multimedia Superheroes Part 1 I can use materials to add texture to a work of art.	Topic 1: Skills Lesson 4– Drawing: My Toy Story I can complete my drawing by adding detail, texture and colour. Topic 2: Prehistoric Art Lesson 4– Prehistoric Palette I can create a textured background by using sand, seeds, wheat etc. Topic 2: Prehistoric Art Lesson 5– Painting on the Cave Wall I can experiment with techniques to create different textures. Topic 2: Prehistoric Art Lesson 5– Painting on the Cave Wall I can experiment with creating different textures by using different parts of the brush and different techniques to vary the effects.	Topic 1: Skills Lesson 3– Craft: Soap Sculptures I can use a variety of tools to scratch texture into my sculpture. Topic 3: Every Picture Tells a Story Lesson 1– Texture: Charcoal Mark-Making I can experiment with charcoal to create different textures and effects. Topic 3: Every Picture Tells a Story I can analyse the formal elements in a picture.	Topic 1: Architecture Lesson 1– Drawing: A Walking Line I can add tonal graduation using a 2B pencil. Topic 3: Every Picture Tells a Story Lesson 3 – Clacton Pigeon Mural: Banksy I can use the formal elements of art to analyse a work of street art.	Topic 2: Photography Lesson 1– Painting: Impressionism I can paint in the textured style of Claude Monet. Topic 3: Still Life Lesson 1– Learning About the Work of Edward Hopper I can analyse and evaluate artwork using fundamental principles as follows: ‘say what you see’/scene; technique; form and shape; colour and light; and the title. Topic 3: Still Life Lesson 2 – Still Life Composition I can draw with attention to form, line and layout. Topic 3: Still Life Lesson 5– Still Life in Colour I can paint with attention to texture, line and layout.

The National Curriculum for Art and Design aims to ensure that all pupils know about great artists, craft makers and designers, and understand the historical and cultural development of their art forms.

The National Curriculum for Art and Design further aims to ensure that all pupils evaluate and analyse creative works using the language of art, craft and design

KS1: Pupils should be taught about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.

KS2: Pupils should be taught about great artists, architects and designers in history.

Evaluating Creative Works	Recognising and describing key features of their own work and the work of others. Sharing their opinion of the work of others.	Expressing clear preferences in terms of creative works and giving reasons for their preferences using the language of art (formal elements).	Reflecting on their work in order to develop it. Discussing art using increasingly sophisticated language (formal elements).	Using their own and other's opinions of their work to identify how to develop their work. Building a more complex vocabulary when discussing art (formal elements).	Regularly analysing and reflecting on their progress, taking account of intentions and opinions. Developing a more precise use of the language of art when discussing their own work and the work of others.	Giving reasoned evaluations of both their own and others' work which takes account of the starting points, intentions and context behind the work. Using the language of art precisely to give an in-depth evaluation of artworks.
