

# Reception Class Newsletter

Dear Parents / Carers,

Friday 18th February 2022

It was lovely to meet with you all at our Parent-Teacher meeting this week and it was even more lovely to share with you how you're your child is progressing and to hear how proud you are of them. These meetings are the perfect opportunity to talk about any concerns and the best way we can support your child (and you) in school and how you can at home. Thank you for completing the feedback forms and your continued support.

To further support your child at home, on our school website both Reception class pages have many suggestions on how you can do this. Also, for a short period of time the "Teach Your Monster to Read" app is FREE to download until Saturday 19th February it is usually £4.99 and is a great app for children to have on their tablets and iPads at home.

On Tuesday, Mr Lucas (our specialist music teacher) was very impressed with how well children could demonstrate and explain the different vocabulary they have learnt this half term. Check out our Twitter for video clips.

Miss Quinn (school PE Lead) was equally impressed with how confident children were on the climbing frame and apparatus. Whilst the children were having plenty of fun during their P.E lesson they were exploring, developing and strengthening ways to use their bodies to travel along, on and off the apparatus.

Enjoy the half term break and feel free to send pictures/messages of activities you are getting up to via parent share on Evidence Me. We enjoy hearing and sharing our holiday news (and if your child forgets these will be good prompts/reminders). All photographs and comments are printed out and added to your child's Learning Journey Book.

Take care  
Reception Team
