

# Adventurous Vocabulary

We are broadening our vocabulary by learning 3 new words every week.

Your child does not need to be able to read or write these words. Instead, your child will be learning to use these words in conversation.

# 3 Words of the Week

**Sequence:** A sequence refers to a set of related events, movements, or items that follow each other in a particular order.

*We sequenced the events of our favourite story. We discussed what happened first, next and after that.*

**Vehicle:** A vehicle is a thing used for transporting people or goods, especially on land, such as a car, lorry, or cart.

*The children travelled to the party in different vehicles. Some children travelled by bus, some travelled by car, while others travelled by train.*

**Team:** A team is a group of players forming one side in a competitive game or sport.

*The green team scored the more goals than the blue team in a game of football and so they were the winning team.*
