

Adventurous Vocabulary

We are broadening our vocabulary by learning 3 new words every week.

Your child does not need to be able to read or write these words. Instead, your child will be learning to use these words in conversation.

3 Words of the Week

Capable: If you are capable of something, you can complete it correctly.

Oliver Burke is capable of writing his full name.

Tape: Tape is a narrow strip of material that is sticky on one side and is used to stick one thing to another.

We used tape to stick our pictures to the wall of our classroom for the children to enjoy.

Similar: If two people are similar they have some things in common or they are alike in some ways.

The girls had similar interests. They both liked drawing pictures but one of the girls liked drawing flowers whereas the other girl liked drawing rainbows.
