

# Reception Class Newsletter

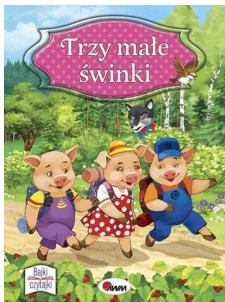

Friday 3rd May 2024

Dear Parents and Guardians,

This week, we have had lots of fun learning about another country. As part of our 'Understanding the World' curriculum, children are taught to recognise some similarities and differences between life in this country and life in other countries. We explored the similarities and differences between Poland and England. A parent kindly shared a wide range of artefacts associated with Poland. We explored each object, learning about it's relevance and how it compares to England. You can find this learning on our class twitter page [@stannestanleyf2](#)

We located Poland on a map of the world and looked at the many different ways we could travel there. We enjoyed exploring different modes of transport, discussing which way we would prefer to travel and why.

We listened to traditional tales in Polish. We discussed how we could still decipher the story using cues other than words such as the expressions on the characters' faces and the tone of the music. We listened to traditional Polish songs. We learnt how to say 'excuse me', 'thank you', 'hello', and 'goodbye' in Polish.

We have had lots of fun learning all about Poland. If there a country that is special to you and your family, please let us know and we will introduce the children to the traditions of that country.

Thank you for your continued support.

Mrs Bell and Miss Murphy
