The above 7 areas of learning and development (3prime and 4 specific) are taken directly from **Development Matters - Non-statutory curriculum guidance for the early years foundation stage (July 2021)**, all are important and inter-connected. The development of children's spoken language underpins all 7 areas of learning and development.

Children in the EYFS (Early Years Foundation Stage) are taught by ensuring challenging, playful opportunities across the **prime** and **specific** areas of learning and development.

Characteristics of effective teaching and learning are:

- playing and exploring - children investigate and experience things, and 'have a go'
- active learning - children concentrate and keep on trying if they encounter difficulties, and enjoy achievements
- creating and thinking critically - children have and develop their own ideas, make links between ideas, and develop strategies for doing things .
