

# Reception Class Newsletter

19th June 2026

Dear Parents and Guardians,

Mr Lineton, the English Lead has set up a Book Swap. If your child has a book at home in good condition that they would like to swap for another book please send it to school. We visit the Book Swap each week. On our way upstairs we have been having a look where the Year 1 classrooms are. The children are becoming excited as their time in Reception comes towards the end. Already we have been playing in the Year 1 playground and talking a little about Year 1 but not too much that causes undue worry. Transition is planned very carefully as we enter the final few weeks. The children's new teacher will call in as often as is possible to say hello to the children and also begin to get to know them. The children will also spend time in their new classroom to begin with, with their current Reception staff and then with their Year 1 staff.

When talking to the children about books they have at home some children said they had either no books or very few books. We are currently sorting through books at the moment in school and will gladly donate a bag of books if needed at home. If this is something you are interested in please complete the slip below and return to school.
